

# OZONIDE Care

Nature Meets Science in Skincare

## OZONIDE BODY CREAM

**Ozonide (Ozonated olive oil)** is a powerful oxidant, serves as an effective antimicrobial, anti-inflammatory, and pro-healing agent. By combining **oxygenation, immune modulation, and biofilm disruption**, it reduces infection risk, accelerates tissue repair, and improves overall skin problems recovery with minimal scarring. It delivers intense hydration, skin renewal, and powerful antimicrobial benefits.

## BENEFITS OF OZONIDE:

- **Wound Healing:** Speeds up recovery for cuts, burns, and ulcers
- **Anti-Bacterial & Anti-Fungal:** Effective against skin infections
- **Anti-Inflammatory:** Reduces swelling, redness, and irritation
- **Skin Rejuvenation:** Promotes collagen and cell regeneration
- **Acne & Eczema Relief:** Clears skin and soothes irritation
- **Pain Relief:** Soothes sore muscles and joints

## Why Your Skin Will Love It?

- **Deep Moisturization:**  
Penetrates deeply to hydrate and soften skin, leaving it silky & smooth.
- **Oxygen Detox:**  
Ozone boosts skin oxygenation, revitalizing dull and tired skin.
- **Clear & Calm Complexion:**  
Fights acne-causing bacteria and soothes inflammation.
- **Anti-Aging Boost:**  
Stimulates collagen and elastin for firmer, more youthful-looking skin.
- **%100 Natural & Non-Toxic:**  
Free from parabens, artificial fragrances, and synthetic preservatives.

## Why Choose Our Formula?

- Made with organic, cold-pressed olive oil
- Infused with pure medical-grade ozone
- Stored in dark glass jars for maximum stability
- Lab-tested for purity and effectiveness
